

Low-Volk Astronomy Club Presents Night Sky Programs

2017-01-23 14:31:31 by MelissaH0243

The Crawford Park District and the Low-Volk Astronomy Club invite you to join them as they share their knowledge and telescope skills with those interested in the celestial sights at the Low-Volk Nature Center Saturday, January 28th 2017 from 6:00 pm - 8:00 pm.

Bring your own telescope or allow the volunteers assist you with those provided. Targets for the winter are: The Andromeda Galaxy, located 2.5 million light years away! The Bok Clouds which are huge clouds of molecular gas and dust, blocking the star light behind them. If skies are cloudy, they will meet inside to view astronomy videos.

Saturday, January 28th 2017

6:00 pm - 8:00 pm

Low-Volk Nature Center

2401 State Route 598 - Crestline

Low-Volk Park is located 3 miles north of US Route 30. For more information contact the Crawford Park District office at 419-683-9000.
