Mansfield Art Center hosts Landscape in Fused Glass Workshop

2017-01-31 13:56:23 by MelissaH0243

Join instructor Irene Maginniss at the Mansfield Art Center for the Landscape in Fused Glass Workshop. Try your hand at designing a piece of art with layering colored glass. Glass workshops are a great opportunity to experiment with a new medium without the commitment of an 8 week class and pressure of purchasing glass.

Students will have a wide variety of colored sheet glass, frits and millefiori (irregular mosaic-type class shapes) to choose from to create a landscape, seascape or cityscape. Examples will be available to inspire you! Finished glass pieces look great in windows as sun catchers or as simply displayed as a work of art. No experience required. Materials and firing included.

Register by Feb. 1st.

Date: Feb. 4th, 1-4pm
Members $45 | Non-Members $55
Instructor: Irene Maginniss
