Operation SOS-Save Our Streams at John Todd Park

2017-06-21 01:49:34 by MelissaH0243

Hosted by Mansfield Storm Water Management, Operation Save Our Streams is an annual effort to clean up our streams.

Litter and debris that is scattered along our streets by careless motorists, pedestrians and residents enter into our streams through storm drains.

Illegal dumpings, litter and debris contribute to numerous problems from potential flooding to affecting our water quality.

Join us for a stream clean up on Saturday, June, June 24, 2017 at 9:00 a.m. as we clean up the stream at John Todd Park.

Volunteers are asked to wear water resistant boots and don't forget the bug spray. Gloves and bags are provided by the city of Mansfield Engineering Department.

Please R.S.V.P. by June 23rd or email khildreth@ci.mansfield.oh.us

All participants will be entered into a drawing for prizes as part of our 21st Annual Earth Stewardship Celebration.
