Millennials Create and M.A.D. Studios are pleased to introduce to the community untapped artists, assets, and resources in a fresh, fun, and inspiring new way.

We are a community Organization dedicated to creating an atmosphere where young people can grow a love for themselves and their communities while raising awareness in fresh new ways.

This event is to create peace and unity with the people here in sunny Mansfield, while introducing contemporary art and raising Awareness on poverty locally and nationally.

Urbacon is not only an opportunity to meet new people, hear great modern music, see contemporary art, taste fantastic food, but also a great chance to make an impact in helping Mansfield move forward.

So please come out to Jam with us at the 1st Annual Urbacon!
