

When Hot Rods Go Viral

2016-06-08 20:40:44 by JamesP

MANSFIELD, OHIO: Over memorial day weekend Mid-Ohio's local custom Hot Rod studio, BS Creations, went viral by displaying their talent with a video they produced highlighting the excellent job they did on one of their customers bikes.

The Facebook video went viral with almost 3.2 million views in one short week! Check out the video here:

BS Creations custom hot rod studio has been offering exclusive custom hot rod restoration services for the last several years.

Using a special technique they were able to offer a black and orange bike with a camouflage color change appeal when the temperature reached a certain level.

So if your in need of custom restoration work give them a call or check out their [Facebook page here](#):

BS Creations: A awesome example of local area business shining the international spotlight on our home town quality and pride.
