2019-06-07 14:38:47 by MelissaH0243

Welcome to the extremely haunted and one of the most popular locations in America.

Ghost Hunts USA has exclusive private access to this formidable haunted location. Dinner is also included.

Friday, June 7th
8:30pm-5:00am

As featured on Bio's My Ghost Story, The Travel Channel's Paranormal Challenge and Ghost Adventures Jason Hawes/TAPS Paranormal, Paranormal life Haunted Attraction Online, Abandoned and Haunted Places, The Conjuring Annabelle, SciFy's Ghost Hunters Academy and Ghost Hunters and Freeform's (previously ABC Family) Scariest Places on Earth – There is no doubt of the terrifying haunting of Ohio State Reformatory (also known as Mansfield Reformatory.)

Shadow figures darting in and out of the cells, disembodied voices calling out to guests and investigators, slamming doors, people being pushed and scratched, blood curdling EVPs – this building is a ghost hunter's dream (or perhaps nightmare).

Overcrowding and the violence of prison life has left a dark shadow that lingers over the cell blocks of Ohio State Reformatory. The inmates still linger in the corridors wanting to share their stories by any means possible. Pushing and shoving doesn't seem very violent to those who were driven to set themselves on fire!

We will have full access to the 8 most haunted areas within the Reformatory from the East Wing to the Cell blocks. The only question that remains – will you be brave enough to undergo a lone

vigil in the Hole?
